Subject: Informal Board Contacts with the Community

By virtue of their position on the Board of Education the members often receive questions about School District matters directly from interested citizens.

- a) Comments regarding particular staff members should be referred to that staff member and/or his/her supervisor.
- b) Board members will attempt to deal with criticism of staff members only after the staff member and/or his/her supervisor has been contacted.
- c) Board members will seek to respond to general comments by citing the established policy or by eliciting ideas to be used in policy changes or development.
