Subject: Graduation Requirements (Continued)

1. Students with disabilities identified through a CSE. Specific language regarding the availability of the safety net does not have to be indicated on the student's IEP.
2. Students with disabilities identified through the Section 504 Multidisciplinary Team (MDT) if recommended and documented by the MDT on the student's Accommodation Plan.
3. Students with disabilities declassified while in grades 8-12 if recommended and documented by the CSE on the student's IEP.

Students with disabilities entering 9th grade from the 1996-97 school year through the 2009-10 school year must take each Regents course and examination required for their entering class.

The safety net allows these students who fail a required Regents exam to meet the requirements for a local diploma by passing the RCT in that subject or the Department approved alternative. The school may administer the RCT before or after the Regents examination, but in all cases the student must take the required Regents examination in order to earn the local diploma. The RCT exams will be available until the student graduates or reaches the age of 21.

Individualized Educational Program (IEP) Diploma

Students who have been designated as having a disability must have completed the requirements to receive an IEP diploma or local certificate as specified in the Individualized Education Program (IEP) and approved by the Committee on Special Education (CSE).
