**Subject: Suspension of Students**

Suspension from school is a severe penalty, which may be imposed upon:

- a. A student who is insubordinate or disorderly; or
- b. A student who is violent or disruptive; or
- c. A student whose conduct otherwise endangers the safety, morals, health or welfare of others, or in any way violates the District Code of Conduct.

When a student has been suspended and is of compulsory attendance age, immediate steps shall be taken to provide alternative instruction which is of an equivalent nature to that provided in the student’s regularly scheduled classes.

**Suspension**

Five Days or Less

The Superintendent and/or Principal of the school where the student attends shall have the power to suspend a student for a period not to exceed five (5) school days. In the absence of the Principal, the designated “Acting Principal” may then suspend a student for a period of five (5) school days or less.

When the Superintendent or Building Administrator (the “suspending authority”) proposes to suspend a student charged with misconduct for five days or less pursuant to Education Law §3214(3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student’s parents in writing that the student may be suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parents. Notices must not be sent home with students.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parent of the right to request an immediate informal conference with the Building Administrator. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses under such procedures as the Building Administrator may establish.

<h1>POLICY</h1>	2008	7470
	<b>Students</b>	

**Subject: Suspension of Students (Continued)**

The notice and opportunity for an informal conference shall take place before the student is suspended unless the student’s presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student’s presence does pose such a danger or threat of disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

After the conference, the Building Administrator shall promptly advise the parents in writing of his or her decision. The Building Administrator shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter they should appeal to the Superintendent of Schools. If not satisfied after this appeal, they must file a written appeal to the Board of Education with the District Clerk within 10 business days of the date of the decision, unless they can show extraordinary circumstances precluding them from doing so. Only final decisions of the Board of Education or suspensions by the Board of Education may be appealed to the Commissioner of Education within 30 days of the decision.

More Than Five School Days

When the Superintendent or Building Principal determines that a suspension for more than five days may be warranted, he or she shall give reasonable notice to the student and the student’s parents of their right to a fair hearing. At the hearing the student shall have the right to be represented by counsel, the right to question witnesses against him or her and the right to present witnesses and other evidence on his or her behalf.

The Superintendent shall personally hear and determine the proceeding or may, in his or her discretion, designate a Hearing Officer to conduct the hearing. The Hearing Officer shall be authorized to administer oaths and to issue subpoenas in conjunction with the proceeding before him or her. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record. The Hearing Officer shall make findings of fact and recommendations as to the appropriate measure of discipline to the Superintendent. The report of the Hearing Officer shall be advisory only, and the Superintendent may accept all or any part thereof.

An appeal of the decision of the Superintendent may be made to the Board of Education that will make its decision based solely upon the record before it. All appeals to the Board of Education must be in writing and submitted to the District Clerk within 10 business days of the date of the Superintendent’s decision, unless the parents can show that extraordinary circumstances precluded them from doing so. The Board of Education may adopt in whole or in part the decision of the Superintendent. Final decisions of the Board of Education and suspensions by the Board of Education may be appealed to the Commissioner of Education within 30 days of the decision.

**Subject: Suspension of Students (Continued)**

Permanent Suspension

Permanent suspension is reserved for extraordinary circumstances such as where a student’s conduct poses a life-threatening danger to the safety and well-being of other students, school personnel or any other person on school property or attending a school function.

Minimum Periods of Suspension

Pursuant to law, Commissioner’s Regulations and the *District’s Code of Conduct*, minimum periods of suspension shall be provided for the following prohibited conduct, subject to the requirements of federal and state law and regulations:

**1. Students who bring a weapon to school**

Any student other than a student with a disability, found guilty of bringing a weapon onto school property will be subject to suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law §3214. The Superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the following:

1. The student’s age.
2. The student’s grade in school.
3. The student’s prior disciplinary record.
4. The Superintendent’s belief that other forms of discipline may be more effective.
5. Input from parents, school personnel and/or others.
6. Other extenuating circumstances.

The Superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

1. Any student under the age of 16 who is found to have brought a weapon to school, or
2. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law §1.20(42).

The Superintendent is required to refer students over the age of 16 or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities. A student 14 or 15 years old who possesses a firearm, machine-gun or loaded firearm (as defined in section 265.00 of the Penal Law) on school grounds (as defined in section 220.00(14) of the Penal Law) qualifies for juvenile offender status under section 1.20 of the Criminal Procedure Law.

A student with a disability has additional specific rights under Part 201 of the Commissioner’s Regulations and Federal Law.

**2. Students who commit violent acts other than bringing a weapon to school**

Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five days.

If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

**3. Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interfere with the teacher's authority over the classroom**

Any student who engages in conduct which results in the student being removed from the classroom by teacher(s) on two or more occasions during a semester, will be referred to the Building Pupil Personnel Services (PPS) team. The teacher(s) who have removed the student will be part of the PPS team discussing the case. Any student, other than a student with a disability, who engages in conduct which results in the student being removed from the classroom by teacher(s), on four or more occasions during a semester, will be suspended from school for at least five days. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

**Suspension of Students with Disabilities**

The Board of Education recognizes that it may be necessary to suspend, remove, or otherwise discipline students with disabilities to address disruptive or problem behavior. The Board of Education also recognizes that students with disabilities enjoy certain procedural

protections whenever school authorities intend to impose discipline upon them. The Board of Education is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

The Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

**A. Authorized Suspensions or Removals of Students with Disabilities**

1. According to the Code of Conduct, the following definitions apply.

A “suspension means a suspension pursuant to Education Law §3214.

A “removal” means a removal for disciplinary reasons from the student’s current educational placement other than a suspension and change in placement to an interim alternative educational setting (IAES) ordered by an impartial hearing officer because the student poses a risk of harm to himself/herself or others.

An “IAES” means a temporary educational placement for a period of up to 45 days, other than the student’s current placement at the time the behavior precipitating the IAES placement occurred, that enables the student to continue to progress in the general curriculum, although in another setting, to continue to receive those settings and modifications, including those described on the student’s current Individualized Education Program (IEP), that will enable the student to meet the goals set out in such IEP, and include services and modifications to address the behavior which precipitated the IAES placement that are designed to prevent the behavior from recurring.

2. School personnel may order the suspension or removal of a student with a disability from his or her current educational placement as follows:
  - a. The Board of Education, the BOCES District Superintendent, Superintendent of Schools, or a Building Administrator delegated the authority to suspend students may order the placement of a student with a disability into an IAES, another setting or suspension for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.
  - b. The Superintendent may order the placement of a student with a disability into an IAES, another setting, or suspension for up to 10 consecutive school days, inclusive of any period in which the

student has been suspended or removed under subparagraph (a) above for the same behavior, if the Superintendent determines that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the amount of time non-disabled students would be subject to suspension for the same behavior.

- c. The Superintendent may order the placement of a student with a disability in an IAES to be determined by the Committee on Special Education (CSE), for the same amount of time that a student without a disability would be subject to discipline, but not more than 45 days, if the student carries or possesses a weapon to school or to a school function, or the student knowingly possesses, uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function, or causes serious bodily injury to another.
  - (1) “Weapon” means a firearm as defined in 18 USC §921 for purposes of the Gun Free Schools Act. It also means any other gun, pistol, revolver, shotgun, rifle, machine gun, disguised gun, dagger, dirk, razor, stiletto, switchblade knife, gravity knife, brass knuckles, sling shot, metal knuckle knife, box cutters, cane sword, electronic dart gun, Kung Fu star, electronic stun gun, pepper spray or other noxious spray, explosive or incendiary bomb, or other device, instrument, material or substance that can cause serious physical injury or death when used as a weapon.
  - (2) “Controlled substance” means a drug or other substance identified in certain provisions of the federal Controlled Substances Act specified in both federal and state law and regulations applicable to this policy.
  - (3) “Illegal drugs” means a controlled substance except for those legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or any other federal law.
  - (4) “Serious bodily injury” is that which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

**Manifestation Determinations**

A review of the relationship between the student’s disability and the behavior subject to disciplinary action to determine if the conduct is a manifestation of the disability must be made by a manifestation team immediately, if possible, but in no case later than ten (10) school days after a decision is made:

- a. By the Superintendent to change the placement to an interim alternative educational setting (IAES);
- b. By an Impartial Hearing Officer (IHO) to place the student in an IAES; or
- c. By the Board, District Superintendent, Superintendent or building principal to impose a suspension that constitutes a disciplinary change of placement.

The manifestation team shall include a representative of the District knowledgeable about the student and the interpretation of information about child behavior, the parent and relevant members of the CSE as determined by the parent and the District. The parent must receive written notice prior to the meeting to ensure that the parent has an opportunity to attend. This notice must include the purpose of the meeting, the names of those expected to attend and notice of the parent’s right to have relevant members of the CSE participate at the parent’s request.

The manifestation team shall review all relevant information in the student’s file including the student’s IEP, any teacher observations, and any relevant information provided by the parents to determine if: the conduct in question was caused by or had a direct and substantial relationship to the student’s disability; or the conduct in question was the direct result of the District’s failure to implement the IEP.

Finding of Manifestation

If it is determined, as a result of this review, that the student’s behavior is a manifestation of his/her disability the CSE shall conduct a functional behavioral assessment and implement or modify a behavioral intervention plan. Unless the change in placement was due to behavior involving serious bodily injury, weapons, illegal drugs, controlled substances, or serious bodily injury to another, the student must be returned to the placement from which the student was removed unless the parent and the District agree to a change of placement as part of the modification of the behavioral intervention plan.

No Finding of Manifestation

If it is determined that the student’s behavior is not a manifestation of his/her disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to

	<b>Students</b>	

**Subject: Suspension of Students (Continued)**

the student in the same manner in which they would be applied to students without disabilities, subject to the right of the parent/person in parental relation to request a hearing objecting to the manifestation determination and the District’s obligation to provide a free, appropriate public education to such student.

Provision of Services Regardless of the Manifestation Determination

Regardless of the manifestation determination, for subsequent suspensions or removals for 10 consecutive school days or less that in the aggregate total more than 10 school days in a school year but do not constitute a disciplinary change of placement, and for suspensions or other disciplinary removals in excess of ten (10) school days in a school year which do constitute a disciplinary change in placement for behavior, the CSE shall determine the services to be provided to students with a disability necessary for them to continue to participate in the general education curriculum and progress toward meeting the goals set out in their IEP, and shall conduct or provide, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur.

**Interim Alternative Educational Setting (IAES)**

Students with disabilities who have been suspended or removed from their current placement for more than ten (10) school days may, as determined by the CSE, be placed in an IAES which is a temporary educational setting other than the student’s current placement at the time the behavior precipitating the IAES placement occurred.

Additionally, the District may seek an order from a hearing officer for a change in placement of a student with a disability to an appropriate IAES for up to forty-five (45) school days if the District establishes, in accordance with law, that such student is substantially likely to injure himself/herself or others.

There are three specific instances when a student with a disability may be placed in an IAES for up to 45 school days without regard to a manifestation determination:

- a. Where the student carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of the District; or
- b. Where a student knowingly possesses or uses illegal drugs or sells or solicits the sale of a under the jurisdiction of the District controlled substance while at school, on school premises, or a school function under the jurisdiction of the District; or

<h1>POLICY</h1>	2008	7470
	<b>Students</b>	

**Subject: Suspension of Students (Continued)**

- c. Where a student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the District. Serious bodily harm has been defined in law to refer to one of the following:
  - 1. Substantial risk of death;
  - 2. Extreme physical pain; or
  - 3. Protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student with a disability who violates a code of student conduct.

In all cases, the student placed in an IAES shall:

- a. Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress towards the goals set out in the student’s IEP, and
- b. Receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

The period of suspension or removal may not exceed the amount of time a non-disabled student would be suspended for the same behavior.

**Suspension From BOCES**

The BOCES Principal may suspend School District students from BOCES classes for a period not to exceed five (5) school days when student behavior warrants such action.

**In-School Suspension**

In-school suspension will be used as a lesser discipline to avoid an out-of-school suspension. The student shall be considered present for attendance purposes. The program is used to keep each student current with his/her class work while attempting to reinforce acceptable behavior, attitudes and personal interaction.

<h1>POLICY</h1>	2008	7470
	<b>Students</b>	

**Subject: Suspension of Students (Continued)**

**BOCES Activities**

BOCES activities, such as field trips and other activities outside the building itself, are considered an extension of the school program. Therefore, an infraction handled at BOCES is to be considered as an act within the School District itself.

A student who is ineligible to attend a District school on a given day may also be ineligible to attend BOCES classes. The decision rests with the Superintendent or his/her designee.

**Exhaustion of Administrative Remedies**

If a parent/person in parental relation wishes to appeal the decision of the Building Principal and/or Superintendent to suspend a student from school, regardless of the length of the student's suspension, the parent/person in parental relation must appeal to the Board of Education prior to commencing an appeal to the Commissioner of Education.
