Subject: Temporary Placement of Students with Disabilities

The Board of Education authorizes the Chairperson for the Committee on Special Education (CSE) and Committee on Preschool Special Education (CPSE) to make an immediate, temporary placement of a newly enrolled, disabled student in an educational program consistent with the current IEP and contingent upon obtaining written parental approval. The purpose is to prevent such student from being denied the benefit of the program while the Committee on Special Education is in the process of reviewing the referral documents and formulating their recommendation.

The Board of Education will be notified following such temporary placement. After the CSE has made their final determination, the Board will be notified again.

Approved: Board of Education
