WILLIAMSON SENIOR HIGH SCHOOL
RULES AND REGULATIONS FOR DRIVING AND RIDING PRIVILEGES

1. All students who drive must abide by the rules of good safety. Unsafe driving on school grounds will result in loss of parking privileges. Reports will be reviewed individually and consequences assigned at administrative discretion.

2. Allocation of parking permission occurs on a first come first serve basis and will be reviewed throughout the school year. Students must park in the assigned student parking area and designated parking space. Parking in a no parking area, in the front of the building, or in staff parking is a direct violation and the student will be subject to our progressive discipline system. Driving privileges may be revoked at the discretion of school administration.

3. No students are to be in the parking lot during the school day without signing out at the front desk.

4. No student is to leave the school property without permission of both the school administrator and parent. Students must sign in and out of school at the Attendance desk. Students who leave without permission will be subject to the loss of driving privileges. Students are also subject to consequences per the District’s progressive discipline system.

5. Attendance and arriving at school on time is important to the academic success of our students. If a student driver is illegally late to school or illegally absent 4 times during a marking period, he/she will be subject to our progressive discipline system. Driving privileges may be revoked at the discretion of school administration.

6. If a student drives without permission or during the time period in which his/her driving privileges have been revoked, the student will receive additional consequences and vehicles may be towed at the owner’s expense.

7. Any student who brings passengers without permission will be subject to our progressive discipline system. Driving privileges may be revoked at the discretion of school administration.

8. Student drivers must make a copy of their NYS Driver’s License and submit it along with completed and signed application forms in order to obtain driving privileges.

9. Student vehicles allowed to park on school property or at school functions are subject to search at the discretion of the Superintendent or Building Administrator.

By signing this form, consent is given for the Williamson Central School District to conduct random searches of vehicles parked on school grounds. Signatures also indicate that the student and parents agree to adhere to the rules and regulations for driving and riding privileges stated above.

Student Signature ___________________________ Date __________

Parent Signature ___________________________ Date __________
A. **DRIVING PERMISSION**
